BUILDING YOUR BOARD

1. Pick your sauce(s) and pour into small shallow bowls.
2. Pick out at least 2-3 meat and cheese options. For diversity, choose items that you can either cube, slice or spread.
3. Choose your accents: seasonal fruits and vegetables, bread and crackers or nuts and chocolate. For extra color, also include fresh herbs such as basil, sage and mint.
4. Place everything around the board. Use a butcher block or a larger cutting board.
5. Begin assembling! Place your sauce in the center of the board, arrange meats and cheeses around the sauce, fill in the gaps with your accents.
